Email Sign Up Sheet

Collect email addresses and mobile numbers from fans at every show. Your email/WhatsApp list is one of the most valuable assets you own as an independent artist, more reliable than any social media platform.

Why This Matters

Social platforms change algorithms, throttle reach, and can suspend accounts without warning. Your email list and WhatsApp broadcast list belong to you. When you release a new song, announce a tour, or sell exclusive merch, these are the people who will respond first, because they specifically asked to hear from you.

At every show, having a sign-up sheet on the merch table (alongside a QR code linking to your mailing list form) can add 10-50 new subscribers per show. Over 20 shows, that is a meaningful list.

Show Details

Artist Name: _____

Venue: _____

City: _____

Date: _____

Merch Staff / List Collector: _____

SIGN UP SHEET (Print and place on merch table)

Want To Hear About New Music, Shows, And Exclusive Merch?

Sign up for updates from [ARTIST NAME]

By signing up, you agree to receive occasional emails and WhatsApp messages about new releases, upcoming shows, and exclusive offers. We will never share your details with third parties. You can opt out at any time.

Digital Collection Options

Option 1: Google Form (QR Code) Create a Google Form with fields for Name, Email, Mobile, City. Generate a QR code (using free tools like [qr-code-generator.com](https://www.qr-code-generator.com/) or Google's built-in QR for links). Print the QR code on an A5 card and place it prominently on the merch table.

Option 2: Mailchimp / ConvertKit Signup Page Both services offer free plans. Create a landing page (e.g., yourartistname.com/signup or a Linktree link). Generate a QR code for the page.

Option 3: WhatsApp Broadcast / Community India-specific note: WhatsApp is the dominant communication channel in India. Many artists find WhatsApp broadcast lists more effective than email for show announcements because open rates are near 100%. Build a WhatsApp contact list alongside your email list. Keep the broadcast list under 256 contacts per list (WhatsApp limit), or upgrade to WhatsApp Business API for larger audiences.

Post-Show Data Entry Checklist

- Enter all names and emails from paper sheet into your mailing list (Mailchimp / ConvertKit / Google Sheets)
- Export mobile numbers to WhatsApp broadcast list
- Send a welcome email / WhatsApp within 48 hours: "Great to meet you at [VENUE], [CITY]. Here's a link to our latest release: [link]"
- Tag subscribers with the show, city, and date so you can segment by geography for future tour announcements

PRIVACY NOTE (India)

India's Digital Personal Data Protection Act (DPDPA), 2023, came into effect in 2024. Under this law:

- You must obtain informed consent before collecting personal data.
 - The sign-up sheet language above ("By signing up, you agree...") constitutes consent for email and WhatsApp marketing.
 - You must provide an opt-out mechanism in every communication.
 - Do not sell or share this data with third parties.
 - If you use a third-party email platform (Mailchimp, ConvertKit), they are considered data processors under DPDPA. Choose platforms with clear privacy policies.
-
