Instructions For Use

For Iprs Registration

Submit the lyric sheet along with your IPRS work registration form. Include all writer names and shares as on the Co-Writer Split Sheet. Accuracy here determines royalty allocation.

For Sync Licensing

Music supervisors working on Indian films, web series (Hotstar, Netflix India, Prime Video), advertisements, and branded content require a clean lyric sheet. They need to assess lyric content for brand fit. Provide the lyric sheet in both the original language and English translation when pitching to international or non-native productions.

For Press And Media

Journalists writing about your music often include lyric quotes. A formatted lyric sheet prevents misquotation and ensures your words are reproduced exactly as intended.

For Streaming Platforms (Lyrics Display)

Spotify, Apple Music, JioSaavn, and Gaana can display lyrics in real time. Services like Musixmatch, LyricFind, and Genius serve lyrics to these platforms. Submit your lyrics to Musixmatch (musixmatch.com, free artist claim) to ensure your lyrics are displayed correctly.
