Section 8: The Gap Analysis

Where does your artist lead the comparables? [Be honest. If there is no area where they lead, that is important to know.]

Where does your artist trail the comparables? [Again, be specific. Vague answers like "social media presence" are not useful. "Instagram engagement rate is 1.2% vs Comp 1's 4.7% despite similar follower counts" is useful.]

What opportunity exists that none of the comparables are exploiting? [This is the most important question. Look for a city, a language, a genre blend, a content format, a partnership category that is wide open.]

What is the one thing your artist could do in the next 90 days that would close the biggest gap?

Section 9: Strategic Implications

Based on this analysis, the priorities for your artist in the next 12 months are: 1. _____
2. _____ 3. _____
