Service Record Template

India Artist Management Toolkit, Money Kit

A service record logs every paid engagement you complete, gigs, sessions, teaching, production, brand work. It is your evidence trail for invoices raised, payments received, TDS deducted, and professional history. Keep one row per engagement.

How To Use This Template

1. Add a new row when you agree to a paid engagement, not just when it is completed. 2. Update Payment Status when payment arrives. 3. Update the TDS column when you receive Form 16A from the client. 4. Use this log at year-end to reconcile all income against Form 26AS and distributor statements. 5. Share with your CA at financial year end (March 31) for ITR filing.

Service Record, [Year]

Use one block per engagement. Duplicate as needed.

Date of service: _____ Client name: _____ Client type: _____ (IND / BAND / VENUE / FEST / CORP / PROD / OTT / EDU / GOVT) Service description: _____ Agreed fee (₹): _____ Invoice no.: _____ Invoice date: _____ Payment due: _____ Payment received (₹): _____ Payment date: _____ Payment method: _____ TDS deducted (₹): _____ Form 16A received: Y / N / Pending Notes: _____
